Who We Are?

Sellbibuy is a leading cryptocurrency exchange development company, which provides better cryptocurrency development services for helping our clients to elevate their business needs and revenue. We started our services in the year 2015 and We mainly focus on P2P exchange, bitcoin escrow, token development, DeFi, NFT and more. We support industries, startups, entrepreneurs to boost up their businesses. We serve all kinds of industries for their business and we have happy clients across the world.

Our Journey

- ✦ Our journey started in 2015 as a bitcoin escrow script provider.
- ✦ In 2016, we added cryptocurrency and bitcoin exchange development as our premium services.
- ✦ In 2017, we widely started to serve P2P and DEX exchange development services.
- ✦ In 2018, we provided services like ICO, IEO, STO. These are one of the most preferred services we focus on.
- ✦ In 2019, We provided blockchain DApp and token development services for various industries.
- ✦ In 2020, We have extended our Services into various DeFi related services and solutions
- ✦ In 2021, NFT Development became one of our premium services.

Our Vision

To evolve in cryptocurrency & blockchain technology to identify more innovative projects that could promote the purpose of the cryptocurrency market around the world.

Our Mission

To encourage startups and enterprises in the crypto, NFT, Defi, and blockchain space by providing trustful development services with high-end quality.

Our Core Values
